The **FINGER LAKES NURSERIES**

In the Heart of the Beautiful Finger Lakes

404 Washington St.

Geneva, N. Y.

Lombardy Poplar

A Rapid Growing and Picturesque Tree.
6-8 ft., 75c Each; 2 for \$1.35
 (10 for \$5.00).

Tall, slender and columnar in form, the Lombardy Poplar is unexcelled for artistic effects. Ideal for hedges, where tall, vertical and rigid effects are sought; for skyline effects on tall banks or terraces; for emphasis or contrast in many corners of your yard. It has a place no other tree can fill. A rapid and hardy grower. 8-10 ft., \$1.00 each; 10 for \$7.50. 10-12 ft., \$1.50 each; 10 for \$12.50.

Red Leaved Tree

Prunus Pissardi

4-ft. Trees for Only \$1.00 Each
 (2 for \$1.85).

They will set the lawn aglow with gorgeous colorings.

While most red-leaved trees are quite costly, here is one that we place within reach of all; no other retains its lovely colorings like Prunus Pissardi. In May this tree is covered with a gorgeous mass of pink blossoms. Can you imagine anything more beautiful. The contrast is gorgeous on a green lawn or among shrubbery. Ultimate height 8 to 10 feet.

Rose Tree of China

(Prunus triloba)

Very early in spring, before its leaves appear, the whole tree is decked in a fleecy cloud of very double, light pink blossoms. Its effect on a still leafless landscape is magnificent. The roselike blossoms make fine cut flowers. No lawn is so small that room cannot be found for at least one of these trees. Very symmetrical, hardy and easily grown. \$1.00 each; 2 for \$1.85.

For tall accent and quick growth the Lombardy Poplar is excellent.

Prunus Pissardi in bloom.

What a contrast! Red foliage and pink flowers on green lawn.

Catalpa Bungei

One of the finest selections of Catalpas (Umbrella Trees) in the country.

5 feet above ground:

2 for \$1.35; 4 for \$2.50

(Regular \$1.50 each value).

10 for only \$5.00.

We have the finest selection of Catalpas in the country. You can't beat this offer for price and quality.

Only because we grow them in such quantities can we make such a price. It's your opportunity. Order **right now**.

These fine big Umbrella Trees will add many dollars to the value of your property. Plant them in pairs before your entrance, along your driveway, in the Outdoor Living Room. They make the home "stand out."

6 to 8 ft. Catalpas, \$1.00 each; \$1.75 per pair; 10 for \$15.00.

Flowering Catalpa

6-8 ft., \$1.00 each; 2 for \$1.85

A very ornamental lawn tree with a tropical appearance. Has large, heart-shaped, downy leaves, and compound panicles of white flowers, tinged violet, dotted purple and yellow. Noted for its rapid, straight growth and durability. Grows to a height of 40 feet.

Plant a pair of these symmetrical Umbrella Trees before your entrance. Like uniformed sentries, they give a formal, finished appearance to your walk and entrance.

Shade Trees

For Lawn and Street Planting

ELM

American. Magnificent and stately, it is easily distinguished by its wide, weeping top and pendulous branches. A great favorite the country over for suburban planting and for new residential districts, for it is very hardy and a rapid grower. Our Elms are unusually fine this season.

6 to 8 ft. . . \$1.00 each; 3 for \$2.50
 8 to 10 ft. . . 1.50 each; 3 for 3.85
 10 to 12 ft. . . 2.50 each; 3 for 6.75

Chinese Elm.

CHINESE ELM

The Quickest Growing Tree in the World.

6 to 8 ft., \$2.50 each. 3 for \$6.00.

A new variety of Elm direct from China; quite similar to the American in appearance, but much more rapid in growth, often growing 20 feet in five years. It attains great height and possesses a marvelous adaptability to soil and climatic conditions. Will thrive in arid sections or in extreme temperature where other trees fail.

HORSE-CHESTNUT

(White Flowering)

A well known variety. Its magnificent spikes of white flowers make it very attractive. Fine for street planting. 5 to 6 ft., \$1.00 each; 3 for \$2.50.

MOUNTAIN ASH

European. Hardy, erect, 20 to 30 feet high, with smooth bark and dense, regular heads; berry clusters large and bright. 6 to 8 ft., \$1.50 each; 3 for \$4.00. 8 to 10 ft., \$2.00 each; 3 for \$5.50.

Weeping Trees

BIRCH

6 to 8 feet above ground:

\$1.35 each. 3 for \$3.75.

Cut-Leaved Weeping. Its beautiful white bark, finely cut foliage and drooping branches in fountain-like effect present attractive characteristics rarely met with in a single tree. It will add many dollars to the appearance of your lawn. Its white bark and twigs gleam conspicuously among the darker greens and browns.

MULBERRY

2-year heads:

\$2.00 each. 3 for \$5.00.

Teas' Weeping. One of the most graceful and hardy weeping trees in existence. Forms a perfect shaped head, with long, slender and willowy branches of dark green foliage, drooping fountain-like to the ground. Grows 8 to 10 feet tall.

WEEPING WILLOW

6 to 8 feet above ground:

\$1.50 each. 3 for \$4.00.

A magnificent weeping tree with soothing olive-green, graceful branches, drooping almost to the ground in great billows. This familiar weeping tree is a fine specimen on a spacious lawn or drooping gracefully over the water's edge. Grows 30 to 40 feet tall.

Red Foliaged Maples

Schwedleri. A beautiful variety. The new leaves are red or purplish, later turning to dark, rich purplish green, making it a most effective tree for specimen or avenue planting, to lend a note of color contrast. 6 to 8 ft., \$3.50 each.

Scarlet or Red (Rubra). Its blossoms appear in March or April, before the leaves, and are a rich, gorgeous crimson, making the tree valuable for its early spring coloring. 6 to 8 ft., \$4.00 each.

Japanese Blood-Leaf. Rounded, dwarf trees, seldom maturing to over 10 feet, densely furnished to the ground with indented leaves of unrivaled brilliancy and charm. Supply limited. 1 ft. trees, \$3.50 each; 2 ft. trees, \$10.00 each.

ORIENTAL PLANE

6 to 8 ft. \$2.00 each; 3 for \$5.00 10 for \$12

A large, symmetrical tree of rapid growth, beautiful in winter as well as summer. The bark is creamy white, mottled by darker blotches of older bark which peels off, giving the tree a beautiful winter aspect. Grows rapidly and is very majestic in appearance.

	Each	3	10
6 to 8 ft.	\$2.00	\$5.00	\$12.50
8 to 10 ft.	2.50	6.75	20.00

MAPLES

Silver Maple.

SILVER MAPLE

6 to 8 ft., 75c each; 2 for \$1.35; 10 for \$5.00.

If a quick growing tree for shade or street planting is desired, we recommend the Silver Maple. Its graceful branches, beautiful foliage, with silvery sheen beneath, make it a wonderful lawn tree and ideal for park and street planting. Grows 35 to 50 feet. 8 to 10 ft., \$1.00 each; 10 for \$8.50. 10 to 12 ft., \$1.25 each; 10 for \$10.00.

Ash Leaf. A fine rapid growing variety with handsome, light green foliage and spreading habit; succeeds in many places where other varieties do not thrive. 6 to 8 ft., 85c each; 3 for \$2.00. 8 to 10 ft., \$1.00 each; 3 for \$2.50. 10 to 12 ft., \$1.50 each; 3 for \$4.00.

Weir's Cutleaf. One of the most remarkable and beautiful trees, with cut and dissected foliage. Growth rapid, shoots slender and drooping, giving it a habit almost as graceful as cut-leaved birch. 6 to 8 ft., \$1.25 each; 3 for \$3.25. 8 to 10 ft., \$1.75 each; 3 for \$4.85.

Norway. This handsome tree with spreading branches, characteristically, has the most perfect shaped, round, compact head. It makes a fairly rapid growth and readily adapts itself to different soils and is an extremely well developed and picturesque tree at maturity. 5 to 6 ft. above ground, \$1.00 each; 3 for \$2.50. 8 to 10 ft., \$2.50 each; 10 for \$20.00. 10 to 12 ft., \$3.50 each; 10 for \$30.00.

THORN

Paul's Double Scarlet. Flowers bright carmine-red. Superior to any of its kind. Very fine for small grounds. Fruit very ornamental. Will thrive in any soil. 3 to 4 ft., \$2.25 each.

We Cannot
 Afford to Handle
 Orders Under
 \$1.00

Spirea Van Houttei.
A real beauty spot. Such effects are not hard to produce or expensive to maintain.

Great Spirea Van Houttei Special

1 ft. plants25c each; 10 for \$1.35; 100 for \$10.00
 2 ft. plants35c each; 10 for 2.00; 100 for 15.00
 3 ft. plants50c each; 10 for 3.00; 100 for 25.00
 4 ft. plants75c each; 10 for 5.00; 100 for 40.00

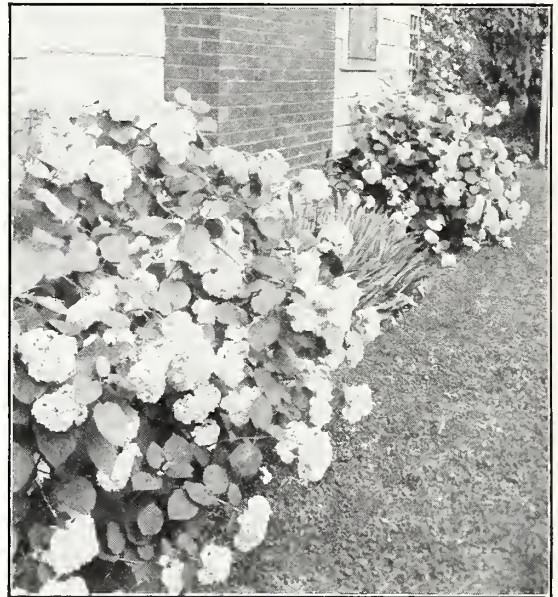

What an improvement in appearance and also in dollars and cents, a few Spirea will add to any property. Very soon after planting it blooms in riotous extravagance and its beautiful maidenhair foliage on slender, drooping branches is a very pleasing picture throughout the entire season. In May and June, it is covered with a perfect cascade of dainty white flowers, crowded thickly along slender branches, bending to the ground in perfect curves, greatly resembling a fountain of snow. It is so popular that we sell more of this than any other shrub we grow. Only because we grow them in such quantities can we make such a price.

Snowhill Hydrangea Special

1 ft. plants25c each; 5 for \$1.00; 25 for \$ 2.98
 2 ft. plants40c each; 3 for 1.00; 25 for 5.98
 3 ft. plants65c each; 3 for 1.39; 25 for 7.98
 4 ft. plants85c each; 3 for 2.00; 25 for 10.98

A really marvelous shrub that blooms from July to October and always the pride of the planting. Its immense blooms resembling the Snowball (but much larger) are conspicuously white and imposing, properly named "Hills of Snow". When planted alternately with the Pee Gee, it forms a most conspicuous and decorative hedge or foundation planting. Should be well pruned in March before the shoots appear.

A foundation planting of the "Hills of Snow" Hydrangea with the Dwarf Red Spirea (Anthony Waterer) in front is a gorgeous sight from June until frost. They are two of the finest shrubs for all-season bloom.
 25 Hydrangea "Hills of Snow"
 15 Dwarf Red Spirea (A. W.)
SPECIAL—NOW \$5.00

How effective this foundation planting. Inexpensive of first cost but soon becomes a distinct asset to the appearance and value of the home.

New French Pussy Willows

The only outdoor shrub grown from which you can cut bouquets during the winter months.

A select and improved new type of Pussy Willow, perfectly hardy anywhere in the United States. The branches of this cultivated variety are being used by florists in cities for winter decorations and are bringing high prices. They are very fragrant. Very large buds—a promise of springtime—bouquets in winter—when dried they will keep indefinitely—blooms the first year.

Special price of French Pussy Willow plants, size 2 to 3 ft., 3 for \$1.15; 10 for \$3.00, postpaid.

French Pussy Willow.

Bristol Fairy Gypsophila

A wonderful advance over the old-fashioned Gypsophila, with misty sprays of perfectly double, pure white flowers like stars seen through a cloud. Exquisite for mixing with larger, bolder flowers, adding that touch of elegance and grace so desirable in the arrangement of cut flowers. Easy to grow, perfectly hardy, blooms all season, and the flowers last for many weeks, drying like strawflowers.

Strong, grafted plants from 3-inch pots. 85c each; 10 for \$7.00.

Japanese Weeping Flowering Cherry
 2-year heads\$3.50 each

Cornus Florida Rubra
 (Red Dogwood)

2 to 3 ft.\$3.00 each

Purple Fringe or Smoke Tree

The blooms have a cloudy appearance with a purplish cast and it is an unusual tree. Ultimate height 10 to 12 feet. \$1.00 each; 2 for \$1.85.

Ailanthus

(Tree of Heaven)

Grows very tall, hence its name. \$1.25 each.

Ornamental Vines

Add beauty and charm to the porch, fence, arbor and pergola and unattractive bare walls.

American Ivy (Virginia Creeper). A very fast and vigorous grower. A fine, rich green in summer, changing to vivid hues of crimson in fall. 50c each; 3 for \$1.25.

Bignonia (Trumpet Vine). Has showy, orange-scarlet flowers and evergreen leaves. 50c each; 3 for \$1.25.

Boston Ivy (Ampelopsis Veitchii). Beautiful, three-lobed leaves, overlapping, and forms a tapestry of rare charm. The only vine that will cling to brick or cement wall. A fast grower. 50c each; 3 for \$1.25.

Evergreen Bittersweet (Euonymus radicans). Handsome, glossy foliage. Its clusters of orange-yellow capsules cling to the vine throughout the winter months, and make a charming house decoration. 50c each; 3 for \$1.25.

POLYGONUM AUBERTI
The Delightful Silver Lace Vine.
85c each; 3 for \$2.25.

This new creation is a very rapid climber, averaging 20 feet in a season. Will clamber gracefully up a trellis, over a tree trunk, a wall, a porch, an arch, or upon any support which necessity or fancy may devise. A well grown specimen is a cloud of lacy, misty white, shot with tints of cream and pale rose of most exquisite effect. Blooms all summer.

Flowering Vines

Clematis Jackmani. Large, velvety purple flowers. \$1.00 each; 3 for \$2.50.

Clematis, Mme. E. Andre. Medium flowers of a striking dark red color. \$1.00 each; 3 for \$2.50.

Clematis paniculata. In August this becomes a mass of dainty white, starlike flowers with an alluring and penetrating fragrance. 50c each; 3 for \$1.35.

Dutchman's Pipe (Birthwort). Has large, heart-shaped leaves, with peculiar brownish flowers that resemble a miniature pipe. 75c each; 3 for \$2.00.

Honeysuckle, Hall's Japan. From June till September this vine is covered with handsome blossoms which open and turn to a striking yellow. Deliciously fragrant. 40c each; 3 for \$1.00.

Wisteria. Grafted to insure early bloom—the only kind that can be depended on to bloom. Has long, pendulous clusters of pea-shaped flowers. Blooms in May and June. 75c each; 3 for \$2.00.

RED-LEAVED BARBERRY

1 ft. plants, 50c each; 10 for \$4.50.

A snappy colored shrub of unusual brilliancy, that is red the entire season. It's a beauty. You'll like it. Plant in a sunny location.

Hedge Plants

Japan Barberry (Thunbergii). This graceful shrub with glossy foliage will grow anywhere. Its brilliant red berries cling through most of the winter. It makes a graceful and pleasing hedge if allowed to grow in its natural form or it can be sheared to any desired height or shape.

1 ft. plants25 for \$3.50 100 for \$12.00
2 ft. plants25 for 5.00 100 for 17.00

California Privet. This universal favorite can be sheared to any height or shape. Has no thorns or suckers. Almost evergreen.

1 ft. plants25 for \$1.75 100 for \$5.00
2 ft. plants25 for 2.75 100 for 8.00

Amoor River Privet. Very similar to the California Privet, but much hardier. Will stand the coldest winters anywhere. For a thornless hedge, in a section where the California will freeze down we recommend the Amoor River Privet.

1 ft. plants25 for \$1.75 100 for \$5.00
2 ft. plants25 for 2.75 100 for 8.00

Ibota Privet. A beautiful Japanese shrub, spreading and tall growing; very hardy. Fragrant, white flowers followed by blue-black berries.

1 ft. plants25 for \$1.75 100 for \$5.00
2 ft. plants25 for 2.75 100 for 8.00

California Privet Hedge.

Japan Barberry Hedge.

The Permanent Glory of Evergreens

Window and Porch Box Evergreens

5 Norway Spruce for \$1.49.

Your window and porch boxes can be cheery and beautiful all through the summer and winter months at a surprisingly little expense. Plant these fresh Norway Spruce—9 to 12 inch—in your flower boxes about one foot apart and they will present a handsome, striking appearance at a cost lower than flowers.

Landscape Service

Owing to the many requests as to what and where to plant for best effect, we maintain a Landscape Service Department. By using this service you really save time and money, because our Plans give the best effects with the smallest number of plants. Then, too, by using a Plan, if you wish, you can divide the expenditure by planting parts of your grounds each year.

Send in a pencil sketch of your grounds, showing dimensions, directions and location of buildings; we will draw you a complete Plan showing what varieties to use and where to plant them. For making this Plan, we make a charge of \$3.50; however, on receipt of your order for the stock for the planting, you may deduct the \$3.50. In this way the Plans will not cost you anything.

Everyone wants Evergreen trees. Their popularity has increased a hundredfold in recent years. Use them for rockeries, foundation or lawn planting, a whole collection for the usual price of one nursery specimen. These are all twice transplanted, sturdy trees (not seedlings) average age 5 years.

ARBOR-VITAE

American (White Cedar). The best evergreen for hedges; its feathery foliage and refined habits make it a favorite for foundation lawn groups. Can be sheared to any desirable height or shape. **Sizes 1 to 8 feet at \$1.00 per foot.**

Globosa. Forms a natural globe without any trimming. An excellent dwarf variety. **1 ft., \$2.00 each.**

Hovey's Golden. A compact grower of distinct conical shape, with light golden green foliage. **\$2.00 each.**

Pyramidal. A most beautiful feathery, upright evergreen of a most pronounced pyramidal shape. **2 ft., \$2.50 each.**

Siberian. A tapering pyramidal evergreen, with heavy blue-green foliage. **1½ to 2 ft., \$2.50 each.**

HEMLOCK

Regular, conical form, tapering from a broad base. Stands shearing well. Has rich, dark green foliage. Will not succeed in a hot, dry location. **2 ft., \$2.50 each.**

SPRUCES

Norway. The most popular evergreen in existence for windbreaks. Its compact, heavy growth clear to the ground provides a complete shelter and impenetrable barrier. Besides its superiority as a wind-break, it is the finest of all evergreens for Christmas trees and its beautiful interlacing branches make it ideal for lawn or foundation planting. **Sizes 1 to 6 ft. at \$1.00 per ft.**

Colorado Green Spruce. Very similar to the famous Colorado Blue Spruce. Perfectly shaped with an abundance of heavily needled foliage of a rich glistening color. A decidedly beautiful Evergreen. **1 ft., \$1.50 each; 2 ft., \$2.50; 3 ft., \$4.00; 5 ft., \$7.00.**

Colorado Blue. A perfectly shaped evergreen with an abundance of heavy foliage of a rich glistening blue which flashes and sparkles in the sunlight, producing a magnificent spectacle. A wonderfully beautiful evergreen that will add distinction to any home. Our stock this year is of unusual quality with its intense blue color and excellent root system. **1 ft., \$4.00 each; 2 ft., \$8.00; 3 ft., \$15.00.**

Koster's Blue. **1 ft., \$6.00; 2 ft., \$12.00.**

Siberian Arbor-Vitae.
(Medium Growing).

Now Everyone Can Have Evergreens

JUNIPER

Irish. A somewhat fine-leaved, bluish Juniper; medium to tall. The top is pointed and the base broader. 1 to 3 ft. at \$1.00 per ft.

Savin. A low, many branched evergreen, with spreading branches much ramified and abundantly clothed with foliage. 1 ft., \$2.50 each.

Pfitzer's. This low spreading evergreen with fan-shaped branches and beautiful bluish green foliage and its unusually hardy nature makes it most desirable in any location. 1 ft., \$2.50 each.

PINE

Mugho. A picturesque evergreen forming a bushy, compact ball, needles long and stiff. The new growth, resembling a multitude of tiny candles, is unusually fascinating. 1 ft., \$2.00 each.

Austrian. Broad based, heavily needled, with rich, dark green foliage. 2 to 3 ft., \$3.00 each.

Scotch. A pale green, with branches that shoot out obliquely. 2 to 3 ft., \$2.50 each.

SEE PAGE 4 FOR DISCOUNT ON EARLY ORDERS

10 Select Evergreens
Now Only \$4.98

5 and 6 years—1 ft. and up.
Suitable for rock gardens, lawn, or foundation planting

- 2 American Arbor-Vitae.
- 2 White Spruce
- 2 Fir, Balsam
- 2 Hemlock
- 2 Mugho Pine

Sturdy, vigorous and well shaped plants.

Evergreen Shrubs

Daphne (Rose Daphne). This charming evergreen shrub is covered with a gorgeous mass of rosy lilac, fragrant flowers in May and June and then on and off through the summer and fall months. 1 ft. plants, \$2.00 each.

Cotoneaster. Dainty, rounded lustrous, small leaves with a brilliant autumn color and a grand display of vivid fruits. Adapted for rockeries and wall adornment, where there is well drained soil and plenty of sunlight. \$1.00 each; 2 for \$1.85.

Pachysandra Terminalis (Japanese Spurge). The most generally used evergreen ground

cover plant in the world, particularly valuable in shady places, averaging 6 to 8 inches in height and branching freely into a dense mat. Its shapely indented foliage is thick, rubbery, lustrous, dark. The one suitable plant for borders, foundation planting, cemeteries and window boxes. Popular for rock gardens. 20c each; 10 for \$1.85.

The soil where Evergreen Shrubs grow should be free from lime and made slightly acid by adding plenty of Peat Moss, leaf mold, pine needles, or rotted oak leaves.

Doorway Group

- 1 American Arbor-Vitae. 2 ft.
- 1 Mugho Pine. 1 ft.

Hardy Perennials and Rock Garden Plants

Charming in the border. Vivid splashes of color on the landscape—and a profusion of cut flowers for the home throughout the summer.

(*) Suitable for rock gardens.

Price of all perennials and rock garden plants, except as noted, 25c each; 3 for 65c (less discount).

ACHILLEA, The Pearl. White. June and July. Fine for cutting. 1 to 2 feet.

***ALYSSUM.** Clusters of bright yellow flowers in May. 1 foot.

***ANEMONE (Windflower).** Make a brilliant display in white, rose and pink. September to November. 3 to 4 feet.

***AQUILEGIA or COLUMBINE.** Distinct, deeply cut foliage and beautiful pendant-shaped flowers in a bright array of colors. May and June. 2-3 feet.

***ARABIS.** Dense masses of pure white flowers. April and May. Low growing.

ASTILBE. Handsome feathery foliage and compound panicles of flowers. 6 inches long. White or pink. June and July. 2 to 3 feet.

***ASTERS, HARDY (Stoheisor).** Lavender-blue flowers, 4 to 5 inches across. Blooms continuously. July to October. 2 to 3 feet.

***BLEEDING HEART (Dicentra).** Rosy red, heart-shaped flowers. May to July. 2 to 3 feet. 50c each; 3 for \$1.35.

CHRYSANTHEMUMS, HARDY. These hardy flowers will give a riot of colors through September, October and November. Colors, bronze, red, pink, white and yellow. 2 to 3 feet.

CHINESE LANTERN PLANT. Bright orange-scarlet, lantern-shaped blooms. Excellent for winter decoration. September to November. 2 to 3 feet.

CANTERBURY BELL. Bell-shaped flowers in shades of pink, purple, and white. June and July. 2 to 3 feet.

COREOPSIS. Golden yellow. June until frost. Excellent for cutting. 1 to 2 feet.

DELPHINIUMS or LARKSPUR. Tall stately flowers in beautiful shades of blue. June until frost. 3 to 4 feet. A few Regal Lilies planted among Delphiniums makes a beautiful showing.

DIGITALIS or FOXGLOVE. Stately handsome spikes of tubular flowers in all colors. June and July. 2 to 3 feet above foliage.

***DIANTHUS (Hardy Pinks).** Beautiful pink, red and white flowers with fringed petals and a lovely spring penetrating perfume. Good border plant. May and June. 1 foot.

***EULALIA (Ornamental Grasses).** Handsome foliage plants with long ribbon-like leaves. Forms a splendid contrast to other plants, and when planted in groups, the effect is that of a fountain.

***FORGET-ME-NOT (Myosotis).** A fine old-fashioned blue form, blooming all spring and summer. Requires plenty of shade. Dwarf.

GAILLARDIA. Daisy-like flowers with orange petals with a beautiful reddish brown center. Blooms profusely. May until November. 1½ to 2 feet.

***GYPSOPHILA (Baby's Breath).** Graceful, tiny white flowers in fairy-like clusters. July to September. 2 to 3 feet.

GOLDEN GLOW (Rudbeckia). Large, golden yellow blooms. July to September. 5 to 7 feet.

HELIANTHUS. Large dahlia-like golden yellow flowers that bloom from August all through fall. Ideal for cutting when other flowers are scarce. 4 to 5 feet.

HOLLYHOCKS. Their colossal spikes of white, pink, red, maroon and yellow, produce bold and dazzling effects. August to September. 4 to 6 feet.

***IBERIS (Candytuft).** A desirable dwarf plant which is completely hidden by its white flowers. Very good for edging. April and May.

IRIS, GERMAN. A wealth of showy flowers, resembling orchids, in a combination of beautiful colors on long stems. Easy culture. June and July.

Scabiosa.

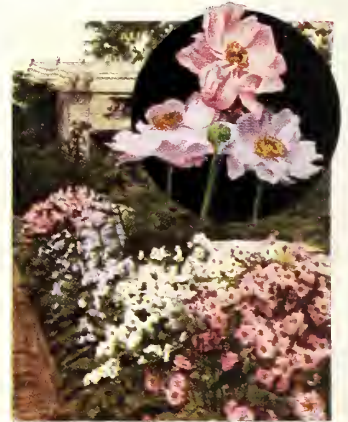

Hardy Phlox.

Pyrethrum.

Gaillardia.

Anemone—Windflower.

Aquilegia or Columbine.

Lychnis.

Old Garden Favorites

Special—18 Plants (3 of each variety), for \$3.69.

Aquilegia, Astilbe Queen Alexandra, Delphinium, Gaillardia, Mallows, and Pyrethrum.

30 "Top-Notch" Perennials for \$5.00

(3 each of the following 10 varieties)

A FEW REMARKS

Atlantic City, N. J.,
Sept. 26, 1931.

Nov. 19, 1931.
Saratoga Springs, N. Y.

Dear Sirs:—

You will perhaps be pleased to know that the six Catalpa Bungeii purchased from you last Spring were wonderfully successful and have been the center of attraction all along our street. I have quoted your name and address to dozens of persons. The trees were purchased by three neighbors living in adjoining small houses. They were planted in the plot between the sidewalk and the highway making an interesting row.

If you will send me about a half dozen catalogues I shall be pleased to hand them to inquiring friends.

Very truly yours,
MARY WASHINGTON

The Finger Lakes Nurseries.

Gentlemen:—

The bundle of Roses arrived in first class condition and were at once put in the ground and tomorrow are to be hilled with earth for the winter.

The Peat Moss was still damp and you are to be congratulated not only upon growing such fine roots for transplanting, but also on the excellent way in which those same roots are shipped.

Thank you.

Very truly,
(Miss) A. G. PARDEE

Finger Lakes Nurseries,
Geneva, N. Y.

Sept. 22, 1931.

Finger Lakes Nurseries, Geneva, N. Y.

Lansford, Pa.

Dear Sir:—

The Horse-Chestnut tree has been received in first class condition and I am well pleased with it.

Thanking you for your prompt attention, I remain
Sincerely,
ELMER MOKHER

Dear Sir:—

I bought your collection of Roses for \$2.45 as advertised in the New York Herald Tribune of June 28, 1931. They took first prize in the flower show here and the competition was strong. Am enclosing a picture of silver trophy and Roses, Los Angeles.

A Customer,
Manchester, Vt.

Order early and we will hold stock at no additional cost to you, and we will ship at proper time for planting in your locality

WE CAN'T AFFORD TO HANDLE ORDERS OF LESS THAN \$1.00

PRICES ARE SHATTERED

but Finger Lakes' Quality Shall be Maintained!

HERE and NOW is your opportunity to plant cheaply.

Lowest prices in history

The year 1931 has been remarkable for the production of fine Nursery Stock, in the Finger Lakes' Nurseries. We have had an abundance of rain at desired intervals and good warm weather during the growing months—two essential factors. This coupled with the fact that Mr. Rice and our organization has been propagating and growing Nursery Stock for over 50 years has enabled us to offer the best line of Nursery Stock that we have ever grown and at prices in keeping with the times. It is your opportunity to properly plant your grounds.

WHAT OTHERS SAY!

Finger Lakes Nurseries,
Geneva, N. Y.
Dear Sir:—

I am pleased to report that the Early to Bear Fruit Trees I received from you just about one year ago are just about the peak of perfection for the season. The peach, plum and the pear trees are in leaf and blossom and it looks as if we might have some fruit this year. The apple and apricot trees are fine but I suppose they have to have a little more time and will blossom and bear in good time. Also the Schwedlerii Maple is all out in fine coloring and is coming along fine; this I received last May.

Yours very truly, JAS. E. LAURENSTEIN

Greystone Park, N. J.,
April 27, 1931.

Gentleman:—

Erie, Pa.

I have wanted to write you ever since receiving the special order of shrubbery which came over a month ago.

Each bush has been doing splendidly and to the amazement of the family, have been blooming away, as though they had never been disturbed. We are quite proud of them and they are exhibited at every opportunity. They are planted in a spot where we never seemed to make anything grow for more than one season, in the way of flowers, so we decided to beautify with Shrubbery and it seems as though it was an ideal spot for the selection we made.

Thank you for the care you took in packing them and the promptness with which you filled the order.

Very truly yours,
Mrs. A. M. FRAZIER

Finger Lakes Nurseries,
Geneva, N. Y.
Gentlemen:—

Please accept my thanks for the fine fruit trees and grape vines which I received in excellent condition. It is the best bargain I ever bought. I have told others of the wonderful offer. It adds zest to the game of gardening.

Very truly, FLORENCE H. BARBER

New Haven, Conn.

Finger Lakes Nurseries,

Canaoharie, N. Y.,

Geneva, N. Y.

Gentlemen:—

I am pleased to advise you that all of the IO Flowering Shrubs began to "leaf out" after they had been planted about two weeks and one broke out a small flower at three weeks, which I enclose. These results were obtained only by normal conditions and thus shows the high quality of the stock which you sent me for which I thank you.

Very truly yours,
J. L. WOHLGEMUTH

Finger Lakes Nurseries,
Geneva, N. Y.
Dear Sirs:—

The Privet is all in the ground and doing good. I surely appreciate the way you have taken care of me.

I will be interested in Evergreens next Spring or this Fall and when I get any you are sure to have my order. You should see how wonderful everything looks now.

Thanks again

ONEIL T. LINN

Bourbon, Indiana.

Certificate of Inspection—By New York State Agricultural Department certifying that our stock is clear and free from all diseases and insects, will accompany each shipment.

Buy Direct From Grower—Buy direct from a responsible and dependable grower and save money and time.

Packing and Shipping—We make no charge for packing or boxing. Prices, F.O.B. Geneva, except as noted.

PARCEL POST—If you desire Parcel Post shipment, add 10% for Parcel Post and Insurance, except on items marked "Postpaid."

If in our judgment, it is advisable to send, Express or Freight, because of the size or nature of the shipment we reserve the right to route Express or Freight. *Parcel Post shipments cannot be traced unless insured.*

EXPRESS—Heavier plants are selected; nearly all the soil is retained, adequate packing material used and substantial cases or bales are furnished free on delivery by Express.

Remember Nursery Stock is a permanent improvement—Buy the Best!

PLANTING DIRECTIONS

Plant stock promptly on arrival in a well drained location. Soak roots well with water and don't allow them to be exposed to the sun or wind while planting. Dig holes plenty large enough to admit roots without crowding and plant a little below the surface mark where stock stood in the nursery. Tamp the soil well around roots and don't allow any air pockets. Mound up the soil well around the roots and water well. In dry weather soak roots well two or three times a week, and don't allow the soil to "cake." Feed your soil (see page 16).

If these simple directions are followed with Finger Lakes Nurseries' Stock, you can't lose.

DISTANCE FOR PLANTING

Shrubs for foundation planting, about 2 feet apart.

Shrubs for hedging, about 18 inches apart.
Evergreens for foundation planting, about 2½ to 3 feet apart.

Barberry and Privet, about 1 foot apart.

Roses, about 18 inches apart.

Perennials, about 12 inches apart.

Grape-Vines, about 8 feet apart.

Berry Plants, about 3 feet apart.

LIST YOUR ORDER ON REVERSE SIDE

Do not worry if stock does not always come as soon as you may expect. Remember, it is to our advantage as much as yours to have the trees reach you in time for safe planting.

GUARANTEE—All goods are guaranteed up to grade and to reach you in good condition. Mistakes, if made, will be promptly rectified, providing you notify us within **TEN DAYS**. Accept shipment, examine and count on receipt and notify us at once if there should be any errors, and the carrier as well if there should be any damaged stock. Poor soil, unfavorable weather, careless culture all contribute to failure and all are beyond our control. If any of Finger Lakes Nurseries' trees prove untrue to label, we will, upon satisfactory proof, replace free of charge, or refund the purchase price.

Any Friends of Yours who you know would like to receive a copy of our catalog, from which to order, will receive a copy in a few days, if you give us their names and addresses below.

When you order, if you give here names and addresses of five possible purchasers of our goods, you may add free to your order one Spirea Vanhouttei or one Excelsa Climbing Rose.

FINGER LAKES IRIS MIXTURE

In All Colors and Blendings
8 for \$1.00, postpaid

- ***IRIS, JAPANESE.** Their flowers are generally rather flat and wide, often measuring 10 to 12 inches across, appearing in great profusion in gorgeous combinations after the German are finished. Assorted combinations.
- ***IRIS, DWARF CRESTED.** Light blue flowers, growing 3 to 6 inches. Forms great masses when allowed to spread. May and June.
- ***IRIS PUMILA.** Large and showy flowers, about 8 inches above the ground. Blue or purple-lemon-yellow-white. March, April and May.
- ***IRIS, SIBERIAN.** Small flowers in various shades of blue with white markings. June and July. 2 to 3 feet.
- LIATRIS.** Long narrow spikes of rich purple flowers which last a long time. Very showy. July and August. 3 to 4 feet.
- LUPINES.** Massive spikes, 3 feet, blue, white, and pink, in June and July.
- ***LYCHNIS.** Brilliant scarlet flowers borne above foliage on strong erect stems. Foliage narrow and hairy. July and August. 2 to 3 feet.
- MALLOWS, GIANT FLOWERING (Hibiscus).** Large, showy, waxy like, red and pink flowers, 6 inches across. July to September.
- ***MONARDA.** Blazing scarlet flowers on erect stems, stately and striking. June to September. 2 to 4 feet.
- ORIENTAL POPPY.** Massive glowing scarlet flowers on hairy-like erect stems. July and August. 2 to 3 feet.
- ***PRIMROSE (Primula).** Low growing plants which open in June in shades of purple, red and yellow.
- PHLOX.** Among hardy perennial plants no class is of more importance than the Phloxes, succeeding in almost any soil and position and flowering through a long season. A glorious mixture. **6 for \$1.00, postpaid.**
- ***PHLOX SUBULATA.** A very dwarf creeping variety, covered in May and June with a sheet of bloom that lasts a long time. Foliage evergreen.
- PYRETHRUM (Painted Daisy).** The aristocrat of the Daisy family; elegantly borne on long stems, in a variety of pleasing color combinations.
- SCABIOSA.** Large clear lavender flowers are very striking. Last a long time as cut flowers. Blooms all summer. 2 to 3 feet.
- SHASTA DAISY.** Pure white, large flowers, with yellow centers, borne on long, wiry stems. Blooms all summer. 1 to 2 feet.
- ***SEDUM SIEBOLDI.** Sea-green foliage; bright pink blossoms. August and September. Dwarf.
- ***STATICE LATIFOLIA.** Tufts of leathery leaves and minute purplish blue flowers. July and August. Dwarf.
- ***VINCA MYRTLE (Trailing Myrtle).** A trailing evergreen plant that will grow anywhere.
- SWEET WILLIAM.** Beautiful colors. May to July. 1 to 2 feet.
- TRITOMA (Redhot Poker).** Cone-shaped spikes of orange-scarlet flowers produced on stems 3 feet high. July to September. 3 to 4 feet.
- ***VIOLA (Hardy Pansy).** Not quite as large as the Annual Pansy but in constant bloom in beautiful colors. May to October. 6 inches.
- YUCCA FILAMENTOSA.** An evergreen plant with clusters of waxy cream-white, bell-shaped flowers on stalks 3 feet above foliage. June and July.
- SEMPERFLORENS TECTORUM.** Red.

Hardy Chrysanthemums.

Tritoma.

German Iris.

Bleeding Heart.

Oriental Poppies.

Famous Finger Lakes Grass Seed

"Quality" Grass Seed Mixture, our standard brand: 1 lb., 50c; 3 lbs., \$1.35; 5 lbs., \$2.15.

"Superfine" Grass Seed Mixture. The finest mixture that can be had: 1 lb., 60c; 3 lbs., \$1.65; 5 lbs., \$2.50.

"Shady Spot" Grass Mixture: This contains the True Shady Spot Grasses. 60c per lb.

A fine lawn adds many hundreds of dollars to the value of the home it surrounds. It is as permanent as the house itself and should be planned fully as carefully. In seeding the lawn a mixture should be used that will produce a velvety turf that will stand frequent cutting. Ordinary lawn mixtures contain large percentages of coarse tough grasses, which clump and disfigure the lawn. These seeds are cheap in price and always unsatisfactory in results.

A Lawn can be no better than its seed—despite its training, nourishment and other advantages. **It's the seed that counts most.** Pin your faith on Finger Lakes Quality Grass Seed.

Bechtel's Flowering Crab.

Red Flowering Almond.

Flowering Almond

2-year, 2-foot plants:
75c each; 2 for \$1.35.

In May before the leaves appear this beautiful shrub with double red blossoms resembling roses completely covers the branches with a cloud of bloom. Ultimate height 4 to 5 feet.

Lilarosa.

President Grevy.

Our Own Assortment of French Lilacs. 5 for \$3.00; 10 for \$5.00.

Your Opportunity— Four Worth-While Outstanding 1932 NOVELTIES for Your Garden Beautiful

Bechtel's Flow- ering Crab

The Glory of Our
National Capital.

Each, \$1.00;
2 for \$1.85

Real specimens—3-
foot trees.

A wonderful bargain. This Flowering Crab, attaining a height of 10 to 12 feet, is one of the finest decorations your home grounds can have. In May this beautiful tree is literally covered with double pink blooms of delicious fragrance which greatly resemble roses.

Japanese Flowering Quince.

Japanese Flowering Quince

2-foot plants: 75c each; 3 for \$2.00.

In May this shrub is especially brilliant with dazzling scarlet flowers. Its deep green, glossy foliage and fragrant blooms make this a very decorative shrub throughout the season: it will make a gorgeous hedge along your driveway or property line. Grows 3 to 4 feet, but may be sheared to any height. 1-ft. plants, 3 for \$1.00; 10 for \$3.00.

Plant Some Lilacs This Spring

Blooms soon after planting in large trusses of rich colors that are marvels of beauty and very fragrant.

One of the most gorgeous shrubs we grow are the Lilacs and owing to their popularity and the extremely low prices for 1932, we suggest that you place your order early, as our surplus will move rapidly. Everyone loves Lilacs.

COMMON WHITE and PURPLE LILACS. 40c each; 3 for \$1.00; 10 for \$3.00.

PERSIAN LILAC SPECIAL. Lowest prices in our history. Dignified, fragrant, delicate tints of Orchid, Lavender, Purple and pure White. Each, 50c; 3 for \$1.35; 10 for \$4.00.

NEW DOUBLE FRENCH LILACS

They bloom usually season after planting and their large trusses are marvels of beauty and elegance. They must be seen to be appreciated.

10 Outstanding Roses — the Finest in America

This year we are offering to our friends what we consider the finest Roses anywhere. The glorious golden yellow of the Johanna Hill—the strong pearly pink of the Rowena Thom—the duotone color renderings of the Lady Margaret Stewart, President Hoover and Talisman, contribute with the rich blood red of the E. G. Hill and the delicate yellows and whites of the other varieties as the leading and outstanding novelty roses—the results of the best skill of our American hybridizers. Let 1932 see these nine roses planted in your garden. It's your opportunity to get the best at low prices.

JOANNA HILL. A glorified golden yellow, paling to lemon as it expands. When in full bloom, it is Indian yellow, surrounded by a collarette of rich cream. A superior yellow rose that should be in every garden. Price, \$1.00 each.

LADY MARGARET STEWART. A prize winner wherever exhibited. In bud a blending of scarlet-orange slowly evolving toward deep ochre-yellow with splashes of luscious crimson. Richly perfumed. A unique deep yellow Rose, beautifully tinted. Price, \$1.00 each.

DAME EDITH HELEN. One of the largest and most perfectly shaped pink Roses known. A gorgeous solid pink without any shading. Its many petals are saturated with genuine old rose perfume. Its heavy buds on long stems retain their shape for a long time. A sure winner at all Rose shows. Price, \$1.00 each.

Mrs. E. P. Thom. \$1.00 each.

Dame Edith Helen. \$1.00 each.

E. G. HILL. The latest masterpiece of our great American hybridizer. Has worked over half a century to produce a Rose worthy of his name. Large, massive blooms of sparkling crimson, with the now so rare old rose perfume. Plant is bushy and vigorous, sending perfect blooms in quick succession. Very outstanding among the reds. Price, \$1.25 each.

MME. JULES BOUCHE. A striking white Rose of splendid form, lightly tinted with blush or primrose at center. A most dependable white Rose for bedding purposes. Price, \$1.00 each.

MRS. E. P. THOM. Long, pointed buds, handsomely marked with splashes of crimson, slowly unfurling into a clear uniform yellow, with a tuft of gold stamens that do remain golden. Plant has glossy foliage and well balanced growth. Unquestionably an outstanding yellow Rose. Price, \$1.00 each.

ETOILE DE HOLLANDE. Rich velvety crimson, emitting a most exhilarating perfume. The red Rose for every Rose lover everywhere. Price, \$1.00 each.

TALISMAN

(See front cover for color illustration).

The most magnificently colored Rose ever produced, arousing admiration everywhere. Extraordinary effects unfold as soon as the sepals divide. The rare urn-shaped bud is gold outside with brownish red center. As the bud opens the dusky tints become lighter and the gold more brilliant, until when fully opened, a happy blending of distinctive colors. No description can do the Talisman justice. Has won more medals than any other Rose. Exceptionally hardy and a wonderful bloomer. Price, \$1.00 each.

10 Roses

One of each of those shown here.

\$9.75

20 Roses

Two of each of those shown here.

\$18.50

FREE—1 Rev. F. Page-Roberts (see page 14) Rose will be included with the above order of 20 Roses.

PRESIDENT HOOVER

A phenomenal Rose that has created a big sensation since its recent introduction. The bud is highly artistic with reddish outer petals with a titian reflex, opening into a really panoramic Rose, each petal displaying a gorgeous combination of new colorings—gold, terra cotta, orange and copper. Delicately perfumed. A really beautiful Rose with a brilliant future. Price, \$1.25 each.

MISS ROWENA THOM. A striking novelty, produced by the Thom family, with immense bloom of brilliant satiny pink, shaded with orange-flame at center. Price, \$1.00 each.

Top—President Hoover, \$1.25 each.
Bottom—Talisman, \$1.00 each.
Two New Duotone Novelties That Are Dependable

Johanna Hill, \$1.00 each.

Etoile de Hollande, \$1.00 each.

Lady Margaret Stewart, \$1.00 each.

Mme. Jules Bouche, \$1.00 each.

E. G. Hill, \$1.25 each.

Rowena Thom, \$1.00 each.

Everblooming Tea Roses

Price (except as noted), 55c each; 3 for \$1.50; 10 for \$4.50, (less discount)

Dominating varieties with striking color harmonies. These fine, 2-year, field-grown Roses are the acknowledged outstanding specimens that will yield a wealth of beautiful Roses from June until frost.

Briarcliff. Handsome flowers of brilliant rose-pink on long, strong stems. 75c ea.
Chas. K. Douglas. A flaming scarlet, flushed with velvety crimson. Fine form.
Columbia. Vivid peach-pink, throughout entire season. Very perfumed.
Duchess of Wellington. Pronounced saffron-yellow blooms on long stems. Pointed buds.
Etoile de France. Massive, cup-shaped flower of clear red or velvety crimson.
Francis Scott Key. Brilliant crimson blooms. Very fragrant.
Frau Karl Druschki. Handsome, extra large, pointed buds. The ideal white.
General MacArthur. Brilliant velvety crimson-scarlet; exquisitely perfumed.
George Ahrends. Generally conceded to be one of the most beautiful pink Roses in the world.

Hoosier Beauty. Glowing crimson-scarlet, marvelously formed and of unbounded fragrance.

Gruss an Teplitz. Intensely fragrant, very dark, velvety scarlet.
Jonkheer J. L. Mock. A gorgeous brilliant pink with outward curving petals of silvery pink, making a remarkable two-toned flower.
Juliet. Rich rosy red, suffused with outside petals of old gold.
Kaiserin Augusta Victoria. Translucent white with a drop of lemon in center.
Killarney. Brilliant, sparkling shell-pink of a most exquisite shade.
Lady Ashtown. Beautiful blooms of solid pink tinting to yellow at their base.
Lady Hillingdon. Rich apricot-yellow, shaded to orange.
Los Angeles. Luminous flame-pink, toned coral, shaded translucent gold.
Mme. Alexandre Dreux. Captivating deep yellow, splashed with orange. Flowers never fade.
Mme. Butterfly. Bright pink intensified with apricot and gold.
Mme. Edouard Herriot. Glowing coral-red, brightened at base with yellow and scarlet.
Mrs. Aaron Ward. Golden buff, opening to a silvery pink.
Ophelia. Lovely creamy white blooms, tinted flesh.

Radiance. A marvelous Rose of clear red, with no trace of any other color.
Rev. F. Page-Roberts. A glorious blend of beautiful tints from carmine to lemon, through orange. Lovely bronze foliage, becoming deep holly-green. \$1.00 each.
Sensation. Deep blackish maroon. Highly perfumed.
Souv. de Claudius Pernet. Clear, shining yellow, absolutely free from any orange shading.
Souv. de Georges Pernet. A cheerful succession of reddish pinks, oriental red buds, opening to a lovely deep pink—the whole made brilliant by a golden sheen. \$1.00 each.
Sunburst. Superb orange-copper with deep orange center.
Willowmere. Magnificent brilliant pink flowers, suffused with golden tint.
White Killarney. An ideal, perfectly shaped white Rose.

Briarcliff.
An outstanding pink. 75c.

Rev. F. Page-Roberts.
Duotone shading. \$1.00.

Mme. Alexandre Dreux.

Hybrid Perpetual Roses

Always Dependable

Each subsequent season after planting they should be cut back to 6 or 8 buds before growth starts in the spring. Blooms are apt to be sacrificed if too much foliage is permitted to grow.

2-year, field-grown plants

50c each; 3 for \$1.00; 10 for \$3.00, postpaid

AMERICAN BEAUTY. Brilliant pink to red, heavily clothed with foliage.

BARON DE BONSTETTIN. Dark, velvety crimson.

CLIO. Satiny flesh, with pink center. Cup-shaped.

FRAU KARL DRUSCHKI. A perfect double, pure white Rose.

GENERAL JACQUEMINOT. Brilliant scarlet crimson—blazes like a bonfire.

GEORGE AHRENDS. A delicate pink; the pink Frau Karl Druschki.

GLOIRE LYONNAISE. Rich creamy white, opening to a pale shade of salmon

HUGH DICKSON. Intense crimson. Good size, fine form.

J. B. CLARK. Deep scarlet overlaid with a beautiful crimson.

MAGNA CHARTA. Beautiful rosy pink. An excellent forcing Rose.

MRS. JOHN LAING. Clear, bright, shining pink; exquisitely shaded.

M. P. WILDER. Bright crimson scarlet.

PERSIAN YELLOW. Golden yellow.

PAUL NEYRON. A rich, ruddy pink. "Color spot" of the fall.

ULRICH BRUNNER. An exquisite cherry red.

Frau Karl Druschki.

GARDENIA. A yellow climber, opening to creamy flowers with rich yellow centers. Hardy anywhere. 60c each; 10 for \$5.00.

Feed Your Lawn and Garden

For More Beautiful and Better Grass, Flowers, Evergreens and Vegetables

Granulated Peat Moss

To Feed and Improve Your Soil.

When Peat Moss is incorporated with the soil, a large volume of water is held in suspension instead of draining away and is released to growing roots as needed. This alone often means the difference between success and failure.

Peat Moss increases both the nitrogen and humus content of the soil in its purest form. It makes heavy soil more friable and light, sandy soil more retentive of moisture. It should be applied liberally as a top dressing for the lawn, as a mulching around shrubs and as a top dressing for flower beds. Peat Moss contains no fungus or disease. It is humus in its purest and best form.

Price, \$3.50 per bale (about the size of a bale of hay). In small quantities, 50c per bushel.

VIGORO

Specially prepared plant food

SPECIALLY PREPARED PLANT FOOD

For Lawns, Gardens, Flowers, Shrubbery and Trees.

When Vigoro is used, no supplementary substances such as bone meal, potash, liquid manure, etc., are required. Trees and plants that feed heavily from the soil do not remove anything that Vigoro does not replace. Odorless and absolutely free from weeds.

Price, 5-lb. bag, 50c each; 25-lb. bag, \$1.75; 100-lb. bag, \$5.00.

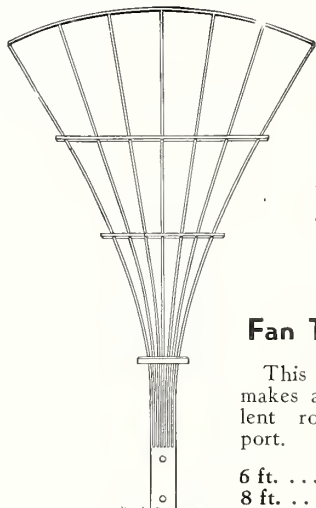

J-O Plant Spray

KILLS PLANT INSECTS

Does not injure or discolor foliage. Kills rose bugs, aster beetles, aphids (plant lice), caterpillars, slugs, inch worms, potato and cabbage worms, and many other insects. To produce beautiful roses, spray before and after they open.

Price, 25c per box. (One box makes 6 quarts of spray).

FERTILIS TABLETS

Fertilis Doubles the Life of Cut Flowers. When arranging cut flowers each day with fresh water, drop in a Fertilis Tablet. Flowers will hold their original freshness and beauty much longer.

Fertilis Tablets Keep Your Ferns and Potted Plants Healthy and Beautiful. These little tablets feed the roots, thereby producing an abundance of bloom and healthy colors.

Fertilis comes in two convenient size containers. In packages of 50 tablets for 25c; or tins of 1000 tablets for \$2.00. Simple directions for use will be found in each package.

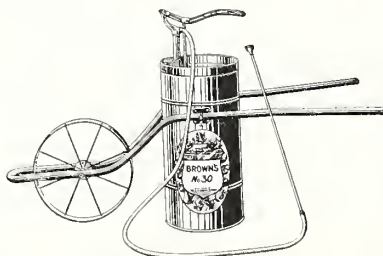

Garden Police

To protect your plants from insects and disease. This dust comes in convenient packages and will protect your plants from all kinds of diseases and insect pests.

POMO-GREEN. For insects, worms and caterpillars which eat portions of the plant: for mildew, blights, black soot, and all fungous diseases. 1-lb. pkg., 50c; 5-lb. pkg., \$2.00. Because of Federal regulations Pomo-Green must be sent by express.

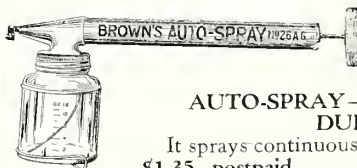

HAND DUST GUN.

Simple, efficient and easy to use in applying any dust. Price, \$1.25 each.

AUTO SPRAY NO. 30D

Capacity, 12-gal. Storage Tank with 250-lb. air pressure. Unexcelled for spraying orchards, field crops, garden truck, lawns, and whitewash. \$14.20 each.

AUTO-SPRAY—EFFICIENT AND DURABLE

It sprays continuously. No. 26AG, complete, \$1.35, postpaid.

One Price for All

In view of the fact that the business of the Finger Lakes Nurseries comes from a wide range of territory and all buy from the same price list, it naturally follows that if transportation charges were prepaid on all orders that those in distant states would be getting a price concession in that their orders would net less than those in New York and nearby states. Therefore, in fairness to all, shipments are sent collect.

Add 10% to order for Parcel Post and Insurance, unless on items marked "postpaid."

Parcel Post

If ordered Parcel Post, and postage is not included with order, we will send order, postage C. O. D. If in our judgment it is advisable to send express, because of size or nature of shipment, we reserve the right to route express. We cannot be responsible for Parcel Post shipments, unless insured.

Flowering Shrubs in a

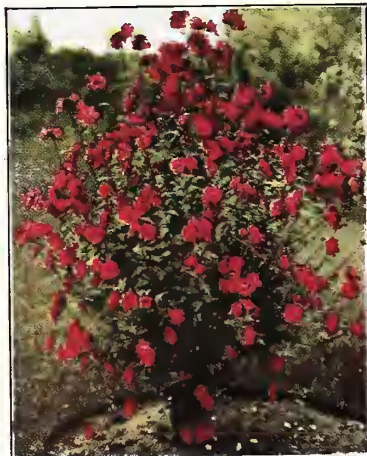

Spirea Anthony Waterer.
Red dwarf. Ultimate height 3 feet.
Blooms all season.

Deutzia, Pride of Rochester.
Ultimate height 5 to 6 feet.
Blooms May and June.

Hydrangea.
Ultimate height 5 to 6 feet.
Blooms August and September.

Althea, Rose of Sharon.
Ultimate height 6 to 8 feet.
"Color spot of the fall."

Spirea Thunbergii.
Ultimate height 5 to 5 feet.
Pure white flowers early spring—feathery foliage.

ALTHEA. Very symmetrical, with brightly colored, rosette-like flowers and beautiful variegated foliage. Blooms from August on, and is the "color spot" of the fall. Pink, red, purple, and white. Grows 6 to 8 feet.

ALTHEA, Tree Form. Grown on upright single stems, with branched heads, forming perfect-shaped flowering trees. Ultimate height 8 to 10 feet. \$1.00 each.

BARBERRY, RED LEAF. See page 5.

BARBERRY, JAPAN (Thunbergii). Its graceful drooping branches with red berries are ornamental for foundation, entrance or hedge. See page 5 for color illustration.

CALYCANTHUS. A unique upright growing shrub with a rare and pleasing strawberry-like fragrance from blossom, wood and foliage that has a strong appeal. Its chocolate-red flowers bloom in June and at intervals during the summer. Grows 5 to 6 feet. 75c each; 3 for \$2.00.

CORALBERRY (Indian Currant) (Symphoricarpos Vulgaris). Fine foliage, slender, gracefully bending branches with dainty pink blooms in June and July—followed by small red berries in thick clusters along the branches, which hang all winter. It will thrive in dry barren soil or dense shade. Grows 3 to 4 feet.

1 ft. shrubs:
3 for \$1.00
10 for 3.00

Caragana Arborescens

2 to 3 feet above ground.

75c each; 3 for \$2.00

Here's a beautiful shrub that will greatly enhance your home grounds. Its compound bright green foliage and numerous clusters of bright yellow flowers are handsome in late spring. Perfectly hardy anywhere. Ultimate height 10 to 12 feet.

CORNUS ALBA SIBIRICA (Red Bark Dogwood). Its bright red bark and blue berries makes a beautiful winter effect. Creamy white flowers in May and June. A rapid grower. Ultimate height 8 feet.

CORNUS ELEGANTISSIMA (Variegated Leaf Dogwood). Valuable for its colored bark, greenish white flowers in May and June, followed by black berries in fall. Beautifully variegated foliage. Grows 5 to 8 feet. 85c each; 3 for \$2.35.

The Magnificent Beauty Bush

(Kolkwitzia Amabilis)

This exceedingly handsome flowering shrub has come to us from China and Central Asia. Its arching branches are covered in spring with clusters of tubular flowers, borne in such profusion that the bush is one cloud of delicate pink. The foliage and habit are attractive when bush is out of flower, and is perfectly hardy as far north as Montreal. 1½ to 2 feet,

\$2.00 each

CRANBERRY, HIGH BUSH (Viburnum Opulus). Creamy white flower heads in May and June, followed by clusters of scarlet-red berries that are edible and hang well into winter.

DEUTZIA GRACILIS. A dwarf variety with dainty, fragrant pure white flowers in May and June. The branches, slender and graceful, grow so thick that the shrub is a compact mass remaining beautiful after the blossoms are gone. Does well in shade. Ultimate height 2 to 3 feet.

DEUTZIA LEMOINE. Semi-dwarf variety with spreading branches, light green leaves and handsome clusters of cone-shaped white flowers in June. Ultimate height 3 to 4 feet.

FORSYTHIA or GOLDEN BELL (Fortunei). Their bright golden masses of glinting yellow appear in April, before any foliage, and are welcome harbingers of spring. Ultimate height 5 to 7 feet.

FORSYTHIA SUSPENSIVA (Weeping). A beautiful weeping tree, producing a mass of yellow flowers in early spring before its leaves appear. Ultimate height 6 feet. 75c each; 3 for \$2.00.

GOLDEN ELDER. This golden leaved shrub is a pleasing contrast among shrubs of green foliage. Flat-topped cymes of white flowers in early summer. 6 to 8 feet.

HYDRANGEA PEE GEE (Paniculata Grandiflora). During the hot summer months this shrub is covered with great pyramidal panicles, white on opening and assuming rose and bronze tints on the sunny side, and drooping gracefully from their own weight. Excellent for winter decoration. Grows 5 to 7 feet. 1½ to 2-ft. plants.

Wonderful Variety of Foliage, Flowers and Ornamental Berries

These shrubs are the most popular and effective varieties to transform your back yard into a charming and restful outdoor living room, the very shrubs that screen the bareness of your home's foundation will lend charm to the front entrance and provide pretty borders and accent corners to the yard.

HONEYSUCKLE, TARTARIAN. A very rapid grower. Makes a wonderful showing the first year. In May and June it is very conspicuous with a mass of thickly spangled fragrant pink flowers and lively green foliage. Ultimate height 8 to 10 feet.

HONEYSUCKLE, MORROWI. A Japanese shrub with pure white flowers changing to a yellow tone in May and June, followed by a multitude of bright red berries, which hang well until winter. Ultimate height 4 to 6 feet. 75c each; 3 for \$2.00.

KERRIA JAPONICA. Slender, green branches and pretty, closely serrate leaves. The double flowers are deep orange-yellow and are produced in profusion throughout the summer. 1½ to 2 feet. 75c each; 3 for \$2.00.

PHOTINIA VILLOSA (Christmas Berry). A charming and unique ornamental, liberally set with small corymbs of white flowers in June. Later the foliage is a most gorgeous red; the bird-proof berries carry the same scarlet gleam through the winter. This should be in every landscape. Excellent for winter decoration. Grows about 8 feet. 2 to 3 feet, 75c each; 3 for \$2.00.

SPIREA VAN HOUTTE. See page 4.

SPIREA ANTHONY WATERER. A beautiful low-growing shrub with showy crimson flowers in flat clusters. If blossoms are cut as they fade, it will bloom continuously from June until frost. An excellent border shrub for foundation plantings. Ultimate height 2 to 3 feet.

SPIREA AUREA (Golden). Green foliage, bordered with rich, golden yellow. In June covered with conspicuous white flowers. Ultimate height 5 to 7 feet.

SPIREA BILLIARDI. Has dense spikes of rose-pink flowers that crown sparsely twigged, erect branches. For shrubbery groups, border plantings and moist places. July to September. 5 to 6 feet.

SPIREA THUNBERGI. Forms a dense, fluffy bush. Its feathery foliage is a pleasing shade of yellowish green, changing in autumn to bright red and orange. Pure white flowers in early spring. 3 to 5 feet.

SNOWBALL (Viburnum). The large, rounded balls of snow-white flowers in May and June on drooping branches make this a most attractive shrub. Grows 6 to 8 feet.

SNOWBERRY (Racemosus). Has dainty, pink flowers in June and July which in August form waxy white berries about the size of cherries. They hang nearly all winter. Will succeed in dense shade and sunlight as well. Grows 3 to 5 feet.

SUMAC. An ideal shrub for breaking monotony among other shrubs. Its large decorative greenish yellow blooms in June are followed by reddish brown fruits and brilliant red foliage, which lights up the landscape and commands attention. Deeply cut fern-like foliage. Grows to a height of 8 to 10 feet.

SYRINGA (Mock Orange). A choice, fragrant shrub, with a wealth of large, creamy white flowers resembling orange blossoms. Blooms in May and June and intermittently until fall.

SYRINGA VIRGINALIS. A magnificent new variety. Its rose-shaped double flowers are the largest, handsomest, and most sweetly fragrant of any known variety. Medium tall, compact habit and good foliage. 2- to 3-ft. plants, 85c each.

WEIGELA ROSEA. Remarkably showy, trumpet-shaped flowers of brilliant pink in June and July. Grows 4 to 6 feet.

WEIGELA, EVA RATHKE. Attractive, deep carmine flowers. A continual bloomer. 1½ to 2 feet.

WEIGELA, VARIEGATED LEAF. In contrast with rose colored flowers, the finely variegated foliage is gorgeous. Grows 2 to 4 feet. 1 to 1½ feet. 65c each; 3 for \$1.75.

Free With every \$5.00 order, your selection of \$1.00 worth of any seeds listed on page 10.

Free With every \$10.00 order, your choice of \$1.00 worth of any stock listed in this catalog.

Butterfly Bush (Summer Lilac).

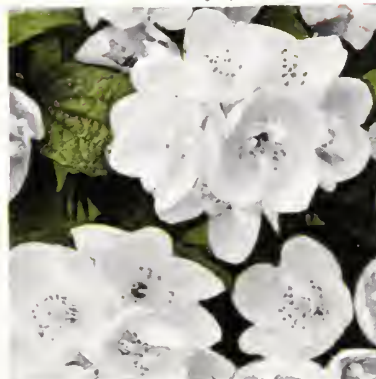

Blooms all summer. Ultimate height 5 to 6 feet. Very fragrant.
2 ft. plants, 40c each; 3 for \$1.00; 10 for \$3.00.
1 ft. plants, 25c each; 5 for \$1.00; 20 for \$3.50.

Forsythia.
Masses of golden yellow before foliage appears. Ultimate height 6 to 7 feet. Blooms in early spring.

Spirea Billardi.
Ultimate height 5 to 6 feet. Blooms July.

Philadelphia Virginalis (New).
Rose shape double flowers. Blooms May to June and sparingly in the fall. Ultimate height 5 to 8 feet.

Commercial Fruit Growers

If you are going to plant 100 or more fruit trees you want the very best stock you can get and buy at the right price.

Situated as we are in the very heart of the five Finger Lakes, our proximity to Lake Ontario, our climate of great variation, and our most exacting methods of budding, propagating and grading, produces a quality of trees and plants that will transplant and grow anywhere, with ordinary care. Good root system and healthy, sturdy trees and trueness of variety, have made an enviable reputation for Finger Lakes' trees.

We are within walking distance of the New York State Agricultural Station and are in constant touch with development of new varieties and expert horticultural methods and information.

Call on us any time you are in this locality and we will gladly show you our extensive frost-proof plant, which enables us to pack and ship throughout the entire year, and deliver to your territory at the proper and best time for planting. Visitors are always welcome to our nurseries. Our ample acreage enables us to plant each crop in the soil best adapted to it.

Early-to-Bear

Transcendent. Early. Hyslop. Late.

Old Fashioned Blueberries

NURSERY GROWN PLANTS—THEY BEAR THE FIRST OR SECOND SEASON

Price, \$1.50 each; 3 for \$4.00; 10 for \$12.50 (balled and burlapped)

Easy to Grow—Hardy Anywhere

Blueberry pie, blueberries in cream, blueberry preserves. The thought of these makes the mouth water and yet they are within your reach in an ever-increasing quantity. The Blueberry is in a class by itself with its delicious melting flesh, full of creamy juice and a delicate wild twang all its own.

In autumn the foliage of the Blueberry is more brilliant than any other shrub and their red twigs brighten up the winter landscape.

Each plant has been transplanted in the nursery, insuring good root system and will be dug with a ball of earth attached to roots.

Plant Blueberries where there is good sunlight, about 4 feet apart. No pruning is necessary. Water well the first year for best results.

Elberta—a truly outstanding Peach.

Showing the colorful blossom of the Azalea—beautiful for shady places—very distinctive in its characteristics.

RHODODENDRON maximum. The grandest of all the Rhododendrons, and the one most used for massing and naturalistic planting. In July bears large, pinkish white flowers in large clusters.

AZALEAS

Rhododendrons and Kalmia

*for Brilliancy of Color
and Evergreen Foliage*

 Regular \$4.00 Value
 5 for \$10.00

2 to 3 ft. size, well developed specimens.

AZALEA nudiflora (Pinxterbloom). Flowers deep pink, blooming early; very profuse and showy.

AZALEA calendulacea (Flame Azalea). The most beautiful and varied of all the Azaleas, ranging in color from orange to canary.

KALMIA latifolia (Mountain Laurel). In early summer, this shrub is a glowing mass of pink beauty. The long, lustrous foliage is handsome the year 'round, and the clustered buds a miracle of crisp loveliness for weeks before they burst into foamy flowers. Perfectly hardy in the severest winters. Grateful for the shade of buildings or tall trees.

The Lovely Eskimo Roses That Thrive Where Winters Are Severe

Very effective as single specimens, or in foundation plantings to give color contrast throughout the season.

F. J. Grootendorst. Double clusters of gorgeous red, with edges beautifully fringed, so that each cluster resembles a bunch of red carnations.
